Our Client Seeks:

PHYSICIAN ASSISTANT

Job Title: Physician Assistant
Setting: Radiology Group Practice
Location: Fairfield County, CT
Hours: Monday – Friday / 8am – 5pm (occasional late hours when schedule warrants)
Reports to: Medical Director

Job Summary:

- This position includes both inpatient and outpatient work for a dynamic full service Interventional Radiology section seeking a second Physician's Assistant. Duties include image guided venous access devices, such as hemo-dialysis catheters, central lines, port-a-caths as well as, CT/ultrasound guided drainage catheter placement; and abscess/nephrostomy tubes, as well as image guided biopsies of the liver, lung, and thyroid. The PA will evaluate, consult, assist in, and follow-up our Radiofrequency Ablation and Uterine Fbroid Embolizations, and endovascular laser treatment patients. New outpatient center opening to include varicose vein treatment and management.

Requirements:

- Masters Degree in Health Science, Physician Assistant Program, demonstrated experience and proficiency in the following: venous access, image guided biopsy. ACLS certification will be required.

Compensation:

- Highly 'competitive salary' & comprehensive benefits package
